

problem 5

Write C program to check
Leap Year or not.

Hint : If year is exactly divisible by
4 and not divisible by 100, then it is
leap year. Or if year is exactly
divisible by 400 then it is leap year.

expected output:

```
C:\Windows\System32\cmd.exe
Microsoft Windows [Version 10.0.17134.228]
(c) 2018 Microsoft Corporation. All rights reserved.

E:\IMT C pool\if conditions\p5>gcc main.c

E:\IMT C pool\if conditions\p5>a
Enter year : 2018
NOT LEAP YEAR
E:\IMT C pool\if conditions\p5>
```
