

# problem 12

**Write a C program to input a number and rotate bits of number using bitwise shift operators.**

# expected output:

```
C:\Windows\System32\cmd.exe
Microsoft Windows [Version 10.0.17134.228]
(c) 2018 Microsoft Corporation. All rights reserved.

E:\IMT C pool\Bitwise operator\p12>gcc main.c

E:\IMT C pool\Bitwise operator\p12>a
Enter a number: 20
Enter number of rotation: 2
20 left rotated 2 times = 80

20 right rotated 2 times = 5

E:\IMT C pool\Bitwise operator\p12>
```
