

# problem 1

Write a C program to declare, initialize, input elements in array and print array.

# expected output:

```
C:\Windows\System32\cmd.exe
Microsoft Windows [Version 10.0.17134.228]
(c) 2018 Microsoft Corporation. All rights reserved.

E:\IMT C pool\Arrays\p1>gcc main.c

E:\IMT C pool\Arrays\p1>a
Enter size of array: 4
Enter 4 elements in the array : 2
6
5
8

Elements in array are: 2, 6, 5, 8,
E:\IMT C pool\Arrays\p1>
```
