

problem 6

Write a recursive function in C programming to calculate sum of digits of a number.

expected output:

```
C:\Windows\System32\cmd.exe
Microsoft Windows [Version 10.0.17134.228]
(c) 2018 Microsoft Corporation. All rights reserved.

E:\IMT C pool\functions\recursion\p6>gcc main.c

E:\IMT C pool\functions\recursion\p6>a
Enter any number to find sum of digits: 2154
Sum of digits of 2154 = 12
E:\IMT C pool\functions\recursion\p6>
```
