

# problem 0

write c program to print array  
after removing duplicates using  
pointers

# expected output:

```
C:\Windows\System32\cmd.exe

Microsoft Windows [Version 6.3.9600]
(c) 2013 Microsoft Corporation. All rights reserved.

E:\int school\c pool\p59>gcc main.c
E:\int school\c pool\p59>a.exe

Enter size of the array: 5

Enter 5 elements of an array: 1
2
3
2
4

The array after removing duplicates is:  1 2 3 4
E:\int school\c pool\p59>
```
