

problem 2

Write a c program to
print the number that is
repeated and print
times of repeated

expected output:

C:\Windows\System32\cmd.exe

```
Microsoft Windows [Version 6.3.9600]  
(c) 2013 Microsoft Corporation. All rights reserved.
```

```
E:\imt school\c pool\p62>gcc main.c
```

```
E:\imt school\c pool\p62>a.exe  
enter the element of an array
```

```
5  
3  
3  
6  
3  
9  
8  
3  
7  
1  
10
```

```
this number 5 is repeated 2 times  
E:\imt school\c pool\p62>
```
