problem 1

This program takes two complex numbers as structures and adds them with the use of functions

expected output:

```
Microsoft Windows [Version 6.3.9600]
(c) 2013 Microsoft Corporation. All rights reserved.

E:\imt school\c pool\p67>gcc main.c

E:\imt school\c pool\p67>a.exe
For 1st complex number
Enter real and imaginary part respectively:
20
5

For 2nd complex number
Enter real and imaginary part respectively:
10
6
Sum = 30.0 + 11.0i
E:\imt school\c pool\p67>
```
